

GLADY & CO. Dungeons & Dragons

**19TH - 22ND
SEPTEMBER**

Join us for a nature-based Inspire Program with the opportunity to take part in a weekend of Dungeons & Dragons an interactive storytelling and role-playing experience designed to support social, emotional, and cognitive development. Set in the peaceful surrounds of Karma Kinglake, this program offers a safe and inclusive environment where participants work together to navigate a rich fantasy world, encountering challenges that promote collaboration, creativity, and personal growth. Participants are guided through the weekend by experienced facilitators, with opportunities to create characters, problem-solve as a group, and reflect on their choices in a supportive and structured setting. Whether you're new to DnD or an experienced player, this program is designed to meet you where you're at, offering fun and challenge while working towards meaningful goals.

Confidence Building
Communication Skills
Teamwork & Collaboration

Problem Solving
Decision Making
Emotional Regulation
